

PAC Machinery Group Seals the Deal with Clamco

Machine product line expands with addition of company

Clamco Corporation, a longtime U.S. manufacturer of heat sealing, shrink wrap, and bag sealing machinery is now part of PAC Machinery Group.

"PAC Machinery Group is very pleased with the addition of Clamco Corporation to our group," says Serge Berguig, president of PAC Machinery Group. "Clamco is a respected company with excellent products and a long standing reputation for quality. We look forward to continuing the high standard of customer service that the Clamco name represents."

Clamco Corporation has more than 50 years of experience in fabrication and manufacturing. Based out of Cleveland, Ohio, Clamco uses only the highest quality steel and component parts in the manufacturing of its entire line.

Clamco Corporation brings years of experience and quality machines to PAC Machinery Group's already impressive line of packaging equipment.

PAC Machinery Group New Staff Additions

Lindsay Murray comes to PAC Machinery Group as the new regional sales manager for the North Central / Midwest territory.

Lindsay has a solid background in the flexible packaging and machinery industries. He was the equipment sales manager for Unsource in Chicago, IL, and most recently held sales positions at Tyco Plastics and Bloomer Plastics. With his experience, Lindsay has excellent knowledge of our current customers and distributors, including familiarity with PAC Machinery Group's line of equipment. Lindsay resides in the Chicago, IL suburb of Schaumburg. He will be working out of his home office and from Converting Technology.

Charles Custodio is the new purchasing and planning manager for Audion Automation.

Charles has over 22 years of experience in planning, scheduling and purchasing in manufacturing environments. He enjoys restoring classic cars.

Charles Dawe joins the PAC Machinery Group marketing department. Charles has a Bachelor of Business Administration from the University of Georgia.

Prior to coming to PAC, Charles marketed and sold commercial real estate in the Southeast. He is interested in the machine industry and enjoys fishing, golfing, boating, traveling and music.

PAC Machinery Group Unveils New Brochure

The new brochure includes an overview of all of PAC Machinery Group's product lines. The use of industry symbols coincides with the symbols on the pacmachinery.com to help customers choose the proper machine to fit their application.

The new brochure will be mailed to PAC Machinery Group distributors and can be downloaded by clicking [here](#).

Happy Holidays from PAC Machinery Group!

PAC Machinery Group would like to wish everyone a happy holiday season!

Pack Expo 2008

PAC Machinery Group showcases new products at major packaging show

PAC Machinery Group's booth at Pack Expo

Even with lower overall trade show attendance this year, PAC Machinery Group had a major presence at the show.

Fifty-five machines were on display along with the new equipment that included the **DEM F-Auto** fully automatic combination L-bar sealer and tunnel, **FW-450S** all servo-driven flow wrapper, and **1075 Rollbag** high-speed bagger with automatic bowl feeder.

"There were a smaller number of attendees but we had better qualified leads," said Brian Jobson, product manager for PAC Machinery Group.
